

WEEKLY BULLETIN

12th March 2010

Message to Parents

This week I should like to draw to your attention the importance of our international links. Within the past two weeks we have hosted two American teachers from Mechanicsburg, Pennsylvania, USA and during the same period we selected our students who will take part in this year's USA Exchange programme. At the same time we are working with a company called Camps International to offer an expedition to Kenya for some of our current Year Nines. At other points in the year there are a number of travel opportunities for students to countries such as France and Germany. Other links exist with Uganda, Nigeria and China. In the global village that is our world today such links and relationships are so important. Please consider such travel opportunities as and when they are advertised. Next week we shall outline our local and national links.

Year 10 Work Experience July 5th to 16th

Thank You to the 120+ students who have returned their Approval and Consent forms for their Work Experience Placements. There are still an awful lot outstanding, if students do not return a form, fully completed, I cannot action the necessary Health and Safety check for their placement to take place. Please contact me (Mr Stephens) if there are any problems. If I do not know I cannot help!! I would like as many forms as possible returned before Easter.

Thanks in anticipation
Mr Stephens

Lost Property

There is a great deal of lost property that is unclaimed each month. Should your child lose something he/she should enquire at Student Reception. Students are regularly provided with the chance to look through lost property but very few choose to do so. Should you become aware that items have been lost, please ensure that your son/daughter follows this procedure.

WEEKLY BULLETIN 12th March 2010

Race for Life in Truro:

Cancer Research UK's 2010 Race for Life series is now open for entries.

With your support they are already on their way to being very successful events, but we still need you to keep shouting loud about the events whenever and wherever you can to help inspire more people to take part.

This year's events will be full of amazing moments for everyone as women of all ages and fitness abilities join together to walk, jog or run 5k to help beat cancer. All women are welcome, regardless of whether they are taking part on their own or as part of a group.

People like you are the reason that our events are so successful and this year, with your help we hope to raise over £60million, every penny of which will help save lives.

Please continue to invite every woman you know to put their best foot forward in their local events!
