## **Curriculum Overview - Year 9**

	Autumn 1	Autumn	2 Spring 1	Spring 2	Summer 1	Summer 2
Reporting Y9	CfCs		BfL & LAL	BfL & L	AL	BfL & LAL
English	Animal Farm Students explore the context of the nove allegorical nature of the text. They pract structure analysis and further develop th write speeches and descriptions based o in them completing a reading section of	ise retrieval skills and language and eir comparison of texts. Students n ideas from the text. This culminates	Unseen Poetry Students read and respond to a range of unseen poems of varyir themes and content. They pract strategies to tackle such texts ar about the key features to ensure their answers are success	and then write, a variety of nor d learn which they give their opinion o encouraging them to think inde	ey read, discuss, n-fiction texts in on different topics, learn about what makes a	Getting Ready         Students do taster tasks         ps in the         from the GCSE Language         and Literature courses         they will begin in year 10.
Maths	1:Indices and standard form:2: Expressions and formulae: SolvingIndices, Calculations and estimates, More Indices, standard form.Equations, Substitu expressions, Writin using formulae, Usi rearranging formul laws and brackets, Expanding double b	ting into g and ng and ae, Index Planning a survey, Collecting data, Calculating averages, Displaying and analysing data, Percentage Compound and Inverse Presenting and	cative reasoning: nt, Negative and scale factors, e change, I measures, Direct5: Constructions: Using scales, Basic constructions, Constructing triangles, Using accurate scale diagrams.I measures, Direct e proportion.9: Construction s, Constructing triangles, Using accurate scale diagrams.	sequences, Inequalities, circle, Ar Solving equations, circle, Py Proportion. Theorem and Cylir	ras andy=mx+c, MoreMultually exclusivestraight-line graphs,events,erence of aSimultaneousExperimental andrea of aequations, Graphstheoretical/thagoras'of quadraticprobability, Samplen, Prismsfunctions, Morespace diagrams,	and similar shapes, Ratios in triangles, The tangent ratio,
Science	how these are spread. Then they learn about human defence responses and the immune system. Next they learn about preventing and treating disease, including how vaccines work, the difference between painkillers and antibiotics and how new drugs are discovered and developed. In physics they study the energy resources topic which begins with our energy demands then looks at renewable energy resources, how they work and the impact they can have on the environment. They carry out a biology required practical during this term. Assessment : B5&B6, P3 Tests and feedback					ves to find their wavelength, both light waves and sound waves arn about the properties and uses of gamma and Xrays. In chemistry they ut the history of our atmosphere and ouse gases and global climate change nd their effects on both the
Computing	Computer systems: identify different forms of hardware and categories and input, output, storage and process. Identify different network types - LAN\ WAN, wireless, personal area (bluetooth Ethical aspects of computer systems - how they impact on society and the individual as well as the environment	). Data representation: review of he and binary; use of compression - lo lossless; use of encryption in comp the role of hexadecimal and binary in the role of hexadecimal and binary	ossy and puting andL EDebugging both flowchart and pseudocode to	<ul> <li>Programming: using decomposition, algorith and programming techniques to analyse, design, code, test and evaluate a program to meet the requirements given scenario</li> </ul>	as covering the laws governing digital technology - Computer Misuse Act, GDPR, Copyright and Patents	End of year project: Business with project with strong emphasis on IT skills (presentation, spreadsheet, data collection and analysis)

## BE THE **BEST** YOU CAN BE

Geography	<b>Population Pressures:</b> Students study issues associated and the reasons for this, to numerical skills for populati have been used e.g. China to transmirgation in Indones and responses to migration for different locailties e.g. E route. Assessment : Popuplation Change - series of kno large written questinobased on populaton policies.	on growth. Students learn about poluatin policies that ia. Migration is also studied with a focus on causes European Migrant Crisis to Mexico to USA Migration	Physical Landscapes: Rivers Students study UK Physical Landscapes using relief maps to identify the link between location of rivers and relief. River processes are investigated as well as changes down stream in features from the drainage basin. Examples of river use with a DME based locally with the River Fal - Assessment. Flooding case study with Boscastle students evaluate the causes of the event DME.	their UK landscapes study v			
History	The start of the year will focus on some major changes did Britain become multi-cultural by the C20th? Why w decriminalised? Why have drugs been made illegal? Wh This is followed by our unit on the rise of Hitler in Germ <b>Autumn Term Assessment</b>	as abortion legalised? Why was homosexuality ny was the Domestic Violence Act passed in 1976?	The key events of WW2: Students will compare Dunkirk, The Battle of Britain, Stalingrad, D-Day, Pearl Harbor and the bombing of Hiroshima to develop the skill of analysing significance. Spring Term Assessment	This unit analyses the Cold V study the Vietnam War. Summer Term Assessment
