September 2023

Policy Effective From: September 2023

Responsibility: SENDCO

Review: Reviewed and monitored by: Head/Assistant Head/Deputy Head/Attendance and Welfare Liaison Officer/ Governing Body

Review Date: September 2024

This **SEN Information Report** complies with Part 3 of the Children and Families Act 2014, the Special Educational Needs and Disability regulations 2014 and the SEND Code of Practice January 2015.

Richard Lander School recognises that many of its students, visitors and staff, whether disabled or otherwise, have individual needs when using the school and facilities. However, we also recognise that for some students, the nature of their disabilities may mean that they experience specific difficulties related to accessing education, and the physical environment. As part of the on-going commitment to the delivery of an inclusive educational provision for one and all, we will strive to ensure that disabled students, parents / carers and visitors enjoy equality of opportunity within not only the physical environment of the School but within the curriculum, written information and associated opportunities.

This SEND information report is co-produced by the SENDCo, Headteacher, Senior Leadership Team and Governors and incorporates our '**School Offer**' which lays out the provision available for students with Special Educational Needs & Disabilities at Richard Lander School. This report is updated annually and as required.

Please view this report in conjunction with our SEND page of our School website: <https://www.richardlander.co.uk/personalised-curriculum/special-needs-education/> where you can access a range of associated documents, links and relevant policies.
