Year 11 revision timetable 2024

Extensive research has shown that the largest positive impact on student learning can be achieved through quality teaching and teacher feedback. Professor John Hattie suggests the impact of this can be around two grades at GCSE (for instance from a 5 to a 7) and year on year our own review process has supported this. We feel students are best prepared for exams by spending as much time receiving support from their subject teachers as possible.

General guidelines:

- Ensure you have a good balance between revision and relaxation so that you are both mentally and physically prepared.
- Where exams start at 1pm students will take their lunch between 12:20 and 12:45 so that students can be sat in their exam room ready to start their paper at 1pm.
- There are a few exceptions where some small cohorts of students will need to be seated for an exam start of 12:45. Their lunch will be from 12:00 till 12:30.
- All Year 11 students need to be in full school uniform throughout their exams, normal sanctions apply (no coats or non-uniform hoodies).
- In lessons where subjects have been completed, students need to bring revision resources for selfstudy.
- We believe exercise supports the learning process and encourage all students to take part in their regular PE lessons.
- Appropriate behaviour is expected throughout the exam period, including self-study lessons, normal sanctions apply and persistent poor behaviour may result in barring from the year 11 ball.
- Where the revision timetable allows students to leave after exams, students must sign out at student reception.
- Students are expected to attend examinations with all the equipment they will need.

Every member of staff will continue to support you throughout your exams – Good luck!

Exam tips

- Keep hydrated. You are allowed to take a clear bottle of water into the exam room as long as there are no labels on it
- Make sure all your equipment you need for that particular exam is in a clear pencil case (eg pens, pencils, highlighters, ruler, rubber, protractor, pair of compasses, calculator)
- Store phones and watches in your locker. Do not bring them to the exam room
- Check your exam timetables in advance for rooms and seat numbers
- If you have any questions please ask. The exams office is beside room 200
