Year 7	<p><b>INTRODUCTION TO MUSIC</b> Students learn to sing and play short pieces, (specifically chosen to develop musical minds for this age group). As part of a whole class, and when ready in smaller groups using practice rooms. Students learn to perform and arrange and actively listen to other students to help how to learn to give and receive constructive feedback to help improve work. Students are introduced to the key elements in the music department:</p> <ul style="list-style-type: none"> <li>• Instruments available in the classroom (Keyboard, Percussion, Guitar, Xylophone)</li> <li>• Musical Elements: Melody – Treble clef notes, C major and Dorian Mode 1 octave; Time signature and Rhythm (Duration) – 4/4 Syncopated, Dotted, All rhythmic values from Semibreve to Quaver; Texture – Solo, group work, canon; Dynamics; Tempo; Structure- bars and phrases</li> </ul> <p>Differentiation: Harmony – major and minor chords (Differentiation – only Some Y7 students – others introduced at Term 2 when the Musical Elements are reinforced; Articulation – students are encouraged to play with various articulation when ready to help colour the mood of their music</p> <p>The scheme of work allows all students in Y7 to, often the first time:</p> <ul style="list-style-type: none"> <li>• Explore basic western notation</li> <li>• Experience basic rhythm and melody games – to develop vocal tuning (Modal and Pentatonic appropriate to their age and vocal ranges), critical listening and whole body rhythm and timing. Funga Alafia</li> <li>• Experience more advanced rhythm and melody – so students can learn to move in time, whilst singing and clapping a different rhythm. (Rose Red, Hey How, Ah poor bird)</li> <li>• Experience Renaissance Musical styles (Differentiation – La Volta)</li> <li>• Experience singing and playing in canon – So students can learn to listen and work with more than one idea at the same time, gain musical independence in their hands, feet and voices.</li> </ul> <ul style="list-style-type: none"> <li>• Work in small groups – to develop essential communication and team work skills</li> <li>• Exposed to whole class music making other than just unison work (Creating poly-textures with voice, instruments and parts)</li> <li>• Singing with instrumental accompaniment led by the teacher</li> <li>• Learn to be expressive</li> <li>• Learn to actively listen</li> <li>• Learn how to give and receive verbal constructive criticism or feedback (WWW/ EBI) which helps with all levels of assessment (teacher, self and peer at KS3). The musical elements language listed here is tied into all KS3 SoW throughout Y7,8, and 9..</li> </ul>	<p><b>INTRODUCTION TO KEYBOARD</b> Students will:</p> <ul style="list-style-type: none"> <li>• Learn how to read and play chords (Dm), and melody (treble clef) to play Drunken Sailor, traditional folk tune. Most students will learn to play chords LH in root position, melody in RH. Differentiation: This can be made easier to chords/melody per person or more improved embellished melody with broken chords used in the LH to make the piece more advanced.</li> <li>• Students will arrange the melody and chords, in small groups using a mix of guitar, keyboard, voice and percussion to assemble their arrangement, as decided by the performers.</li> </ul> <p>o Differentiation: There are a wide range of other folk Melodies more advance keyboard learners can try.</p> <p>o Differentiation: Students at this stage can choose to either specialise in either guitar or keyboard or continue to generalise and use different instruments for different topics. Students who receive ECA piano lessons will be given further differentiated work and teachers often liaise with the peripatetic teacher regarding progress where possible.</p> <p>o Students will explore and reinforce the musical elements in practical setting adding the following to their vocabulary from term 1: major, minor, chord, modal, strumming, syncopation.</p> <p>o Students will continue to learn to give and receive constructive feedback (WWW/EBI) on their performance work. This will be imbedded into lessons and students will work on their performance technique based on their targets set by themselves, their group, their teacher or other members of the class who give critical and useful feedback to help improve a performance</p>	<p><b>CHRISTMAS CATHEDRAL PREP</b> All of Year 7 and 8 students attend the Service of 9 Lessons &amp; Carols held at Truro Cathedral. This is a beautiful event where the Mass Year 7/8 choir perform a wide range of repertoire, alongside the school choirs, orchestra, brass ensemble and selected soloists. This Christmas Preparation occurs alongside the SOW in Year 7 and 8, and large year group rehearsals are also held outside of KS3 curriculum time. Students continue to learn how to sing in tune, with expression, and learn to present themselves as part of a mass ensemble.</p>	<p><b>FOLK MUSIC</b> This unit is intentionally kept flexible as classroom teachers have now had a term to assess their classes progress in terms of performance, composition, listening skills and team work. Students will explore folk-rock fusion through learning about folk Music (in depth of Cornwall but also of the British Isles) and through Folk Rock Fusion Bands (The Corrs, The Floggin' Mollies)</p> <p>Students all complete the next set of skills within the unit, and will be explored at appropriate levels of differentiation set by the teacher.</p> <p><b>INTRODUCTION TO GUITAR</b> Students will:</p> <ul style="list-style-type: none"> <li>• Spend up to 6 lessons learning the basics on acoustic Guitar</li> <li>• Learn a 2 finger chord warm up that moves up the neck and uses fret 2 and 3, with basic strumming pattern (ta, ti-ti, ta)</li> <li>o Differentiation – Students will begin to use more complicated strumming patterns using syncopation and ghost notes</li> <li>• Composition: Students may begin to compose a lyrical melody based on their home (Cornwall/ England/ UK or elsewhere) using the warm up chords as accompaniment</li> <li>o Students will learn a range of basic chords depending on ability: <ul style="list-style-type: none"> <li>o Am and Em</li> <li>o C and G, F</li> <li>o Dm, D7, A7 (and beyond)</li> </ul> </li> <li>• Differentiation - Students who receive ECA guitar lessons will be given further differentiated work and teachers often liaise with the peripatetic teacher regarding progress where possible.</li> <li>• Performance: students will learn a folk song using chords and strumming (Cornwall My Home, in 3 /4 )</li> <li>• Composition: Students may arrange their piece after learning about Rock-Folk Fusion Toss the Feathers by The Corrs.</li> </ul>	<p><b>SAMBA</b> - In Brazil, Samba bateria's practical all year round in preparation for Carnival; held in February to celebrate the beginning of Lent. These bateria's have up to 300 players and include percussion, singers, guitar (sometimes) and dancer. Carnival is a massive professional business in Brazil, particularly in Rio De Janeiro, where there is a premiership; the three day Carnival Competition is televised, with the winning escola (school) winning money, fame, the glory of that year's title and the opportunity to pick the theme for the next year's Carnival. In the UK, the bacteria part of the Samba music has become popular when individual drum enthusiasts have brought the songs they have learned abroad back to their home towns; generating some smaller UK style baterias. In the UK style the singing and guitar is often omitted, and in some places the dance has been included, but is often a much tamer more 'British' version than the Brazilian style! Samba is taught at the start of Y8 to all students to encourage as many new players as possible to join the Lunch time Samba band club, as we prepare for the City of Lights Parade which happens every November. This is when our Samba band parades through Truro City Centre with other local Samba bands with a beautiful paper lantern of light which is created by students with the Art Department. This is a community event and is the most authentic parade that assimilates Brazilian Carnival in the local area, allowing students to participate fully understand the reasons why people enjoy playing samba.</p> <p>In this scheme of work students:</p> <ul style="list-style-type: none"> <li>• Are introduced to Authentic Brazilian pieces including Call and Response, Arrival, Structure and Polyrhythm using samba instruments.</li> <li>• Students learn to perform as part of a whole class, and critique their tempo, timing and technique to improve their performance</li> <li>• Differentiation: Students learn to play more simple/ more complex rhythms using cipher or western rhythmic notation. Students learn more complete tam and caixa drum techniques.</li> <li>• Composition: Students break into smaller groups to create Samba pastiche compositions. Differentiation by outcome.</li> <li>• Appraisal: Students actively study the winners of the most recent Carnival to gain inspiration and develop percussion technique.</li> <li>• Differentiation: Students complete independent projects researching different samba instruments and the different styles of Samba across Brazil</li> </ul>	<p><b>Introduction to Music Technology</b> - In this SOW, students are exposed to using a Digital Audio Workstation (bandlab for education) to create and mix their own music. Students are taught various skills on bandlab, such as creating their own MIDI tracks, using loops and samples, using automation and panning and various editing techniques. Students also learn how to play in live MIDI through the use of a MIDI keyboard and drum pads. Students then create their own compositions utilising the skills they have learnt on the DAW.</p>	<p><b>School of Rock</b> - In this SOW, students are exposed to the iconic artists and bands of classic rock song, such as the songs of Queen, The White Stripes, Guns and Roses and ACDC. Students listen to these iconic songs and appraise the music, aiming to identify the instrumentation, structure, riff, drum beat and bass line that form the fundamental parts of classic rock. Students then learn some iconic riffs on guitar and piano, then develop these riffs into group performances, embedding the chords, vocal melody and drum beat to produce and effective arrangement. Students use the musical elements, such as dynamic and tempo changes to perform music that is appropriate to the style. Students then compose their own riff on guitar or piano.</p>						

Curriculum Enrichment Week

Reporting Y8	Cfcs	BfL & LAL	BfL & LAL	BfL & LAL				
<p>Year 8</p>	<p><b>THE BLUES</b> - In this unit, Students listen to and learn from exemplar Blues pieces to help explain the evolution, history and importance of the blues. This includes listening to and singing to work song Hoe Emma Hoe, and learning about a range of performers who use the 12 bar blues (Lead Belly, In the Mood, Miles Davies and Jimmy Hendrix). Students then learn about the, 12 bar structure, primary chords, Walking Bass and added 7th melodies which are incorporated into performance on guitar, drums, keyboard and other instruments of choice. Students are given the blues pentatonic scales to begin to improve melodic lines of the chord structure. To differentiate, some students learn to play the blues in B (to enable students to create an improvised xylophone line) and some students learn the blues in C, to create extended solo variations. Students continue to evaluate the use of musical elements in their work and give and receive peer and student feedback to improve their compositions ready for performance. The blues is taught right after the African Drumming unit so students have a deeper understanding of the roots of this musical heritage.</p>	<p><b>AFRICAN MUSIC</b> - In this unit, Students listen to and learn from exemplar African pieces including authentic African Djembe drumming pieces from across West Africa and select pieces by South African vocal group Ladysmith Blackmambazo. Students then learn about the styles, structure and techniques to learn how to play authentic songs on djembe drums. Students learn to perform as a drum circle with their class and then compose a pastiche piece in smaller groups. Students continue to evaluate the use of musical elements in their work and give and receive peer and student feedback to improve their compositions ready for performance. To differentiate, some classes will learn how to incorporate singing (usually via pentatonic melodies where folk modal melodies are explored), xylophone (to assimilate the miramba) or keyboard or guitar (to give chordal accompaniment if needed).</p>	<p><b>CHRISTMAS CATHEDRAL PREP</b> All of Year 7 and 8 students attend the Service of 9 Lessons &amp; Carols held at Truro Cathedral. This is a beautiful event where the Mass Year 7/8 choir perform a wide range of repertoire, alongside the school choirs, orchestra, brass ensemble and selected soloists. This Christmas Preparation occurs alongside the SOW in Year 7 and 8, and large year group rehearsals are also held outside of KS3 curriculum time. Students continue to learn how to sing in tune, with expression, and learn to present themselves as part of a mass ensemble.</p>	<p><b>MUSIC THROUGH THE AGES</b> Students explore 'Music through the Ages' a new SOW where students practically with music from some of the 'Great Composers' throughout the traditional Western Music History. Students go on a practical journey through exploring music from Baroque, Classical, Romantic and 20th Century Composers. Students learn to arrange and perform Pachabel's canon either using music technology or as an acoustic arrangement whilst learning about the music theory that had developed at the time. This helps Y8s to reinforce the skill of reading western music notation and get them playing and performing together on melodic instruments. The SOW explores chord progression (I-V, vi, IV etc.) major and minor chords and differentiating melody from ground bass (a Baroque compositional technique) to ornate melody). Students listen and appraise the piece and then re-create their own Cannon in small groups using classroom instruments. Students perform their arrangements to their peers and students work on improving their performance. Students then learn to play 'Fur Elise' on the piano exploring A minor and its relative C major whilst looking at Classical Music in context, and different piano techniques (looking at chromatic melodic movement, and using broken or block chords). Whilst exploring Romantic Music students recreate their own version of Wagner's 'Ride of the Valkure' using tritone and diminished and more complex in group compositions. To finish, students will explore Atonal music of the 20th Century, and using 'La Voiles' by Debussy as inspiration, students will create their own sea-like creations, using the atonal, whole tone scale.</p>	<p><b>Band Skills</b> - In this scheme of work, students learn the skills required to make a successful arrangement of a pop/rock song and learn fundamental ensemble performance skills. They are given the compositional elements of a song, such as the chords, melody, bass line, drum beat and vocal melody and learn how to arrange these parts using texture, structure and dynamic changes. Studentd take part in whole class singing and appraise differnt pop/rock songs.</p>	<p><b>FILM MUSIC</b> - Students are introduced to a range of different film music styles where they listening and appraise music from scary, love, magical, drama and detective movies. Students also appraise iconic soundtracks from famous composers such as John Williams and Hans Zimmer, such as Harry Potter, Star Wars and Pirates of the Carribean and learn to play these leitmotifs on the piano, embedding the chords in their left hand and melodies in their right hand. Students also develop an awareness of the purpose of film music and the impact this can have on certian genres of film. Students then create a Film Score with a story of their choice that includes dramatic moments in the music and then use all their Knowledge of the Musical Elements and Performance to compose suitable Programmatic music for their story board. This SOW links directly to the area of study from the OCR GCSE Music specification.</p>	<p><b>SONG WRITING</b> - This scheme of work allows year 8 students to consolidate their learning of all different styles of music they have experienced during the year. They use their knowledge of the musical elements to create their own song with lyrics in a style chosen within their small groups. Students further analysis a wide range of songs in different styles that use verse and chorus structure, to help them understand and appreciate good phrasing, good use of poetry, imagery, rhyme and symmetry in lyrics. Students work in a mixture of group sizes from soloists, duets and groups of 3, 4 or 5 to create their song. They continually assess their use of musical elements and through peer and teacher feedback to continually improve their song. Students perform their piece at the end of the scheme. To differentiate, some students are exposed to added and extended chords to help further shape the character and mood of their piece. Some students also write multiple pieces. Some students will also write up their music compositions using music software including Sibelius, MusScore, and Garageband (small select students in school).</p>	<p>Curriculum Enrichment Week</p>

Reporting Y9	Cfcs	BfL & LAL	BfL & LAL	BfL & LAL		
Year 9	<p><b>Reggae</b> - Year 9 start the year by looking at the 'decades of music' from the 60s to the present day. They start off by exploring the Reggae music of Jamaica. We introduce students to the history and context of the music and introducing the iconic artists that have made an impact on the genre and the stylistic features which make up the fundamentals of the music. This topic has a direct link to the BTEC First Award in Music Practice, which is one of the first topics students will study at KS4. Students then embark on studying 3 more 'decades' topics in Year 9; Hip Hop, Britpop and Motown. These are all taught with the same intention and consequently link to the topics taught at KS4 in the Component 1: Exploring Musical Products and Styles. We provide students with opportunities to explore a variety of instruments when performing various pieces of music from the different decades and encourage them to embed the stylistic features into their playing. Students also compose a short section of music that consolidates their knowledge of music decades for each topic.</p>	<p><b>Hip Hop</b> - Please see Autumn term 1</p>	<p><b>Britpop</b> - Please see Autumn term 1</p>	<p><b>Motown</b> - Please see autumn term 1</p>	<p><b>THE BAND PROJECT</b> - In this scheme of learning, students create their own bands. Not only do they have to produce good quality cover songs in a style of their choice (some groups go for a composition route using Sibelius or music technology using Reaper, Band Lab or Garage band route at this stage) but they also have to create all the promotional material that is integral to any job individual working within the music industry. Students divide jobs such as being; the Band Manager, Musical Director, Advertisement and Media Consultants to complete promotional tasks. When tasking have been completed (such as writing a contract, creating a logo, website design, newsletter or music video) RLS 'money' is awarded to the band, and each group in Y9 has to make a minimum of £1000 to complete the project. This is a competition and the winning bands win prizes at the end of the Year. All written and musical work is used for assessment. This has proven to be an excellent way to help rock bands across the school develop, and has led to some bands continuing with their Musical Groups after the curriculum project is completed.</p>	<p>Curriculum Enrichment Week</p>

Year 10 GCSE MUSIC	<p><b>PERFORMANCE (Including Area of Study 1 - My Music)</b></p> <p>In Year 10, Students are introduced to Area of Study 1: My Music. In this topic students rehearse their performance skills on their first instrument of choice, or voice. Students are given time to rehearse as both as soloist and as an ensemble player and are given opportunities to rehearse both in lessons, at lunchtimes and after schools and are offered performance opportunities throughout the school year to prepare them for their solo and ensemble performance recordings in Year 11. Students are also encouraged to rehearse on a second instrument if applicable, or try a new instrument and variety of instruments when possible. This allows for depth of learning (on their first instrument) but also breadth, which will help them become more rounded musicians. Performance is a linear discipline which is developed throughout the course with the final summative assessment for coursework being complete in Year 11. ' <b>Area of Study 5: The Conventions of Pop - Pop ballads, solo artists, rock and roll and rock anthems.</b> <b>Composition</b> To begin, Y10 will work in teams to produce short musical compositions based on ideas or briefs given by the teacher. This can include using poetry, a painting, a chord sequence or a set melody as inspiration. Students explore how the musical elements can be manipulated to improve their creative processes. Students also use music technology including recording equipment, notation software and online digital audio workstations where applicable to help bring their compositions to life.</p>	<p><b>Continuation from term 1</b> - Continued performance and composition practice and completing the Concerto Through Time.</p>	<p><b>Performance (Continued) Composition</b></p> <p>In term 2 students begin their 'free composition' where they compose freely, in a style of their choice. After the preparation of group work in term 1, most students thrive on the freedom that this part of the coursework gives, but more help and guidance is given to those who need support in getting their ideas started. Students complete this composition by the end of Y10, which they can revisit in Year 11. <b>Area of Study 3: Rhythms of the World</b></p> <ul style="list-style-type: none"> <li>- Students will perform Brazilian Samba, Caribbean Calypso and Steel Pan Music and West African Drumming as a whole class band, as well as exploring both traditional Classical Raag and traditional Punjabi Bhangra of India</li> <li>- Students will actively listen to Eastern Mediterranean (Greek), Israeli, Palestinian and Music of the Middle East looking and will practically explore Arabic folk rhythms</li> </ul>	<p>Continuation from Spring 1 - Continued performance practice, students work on composition coursework and students complete study of Rhythms of the World and revise the Conventions of Pop.</p>	<p><b>Performance-</b> by now the students will have participated in some of these performance opportunities to further prepare them for completing performance repertoire exams to be recorded in Year 11 - The following performance opportunities really allow students to grow in confidence with performing and presentation as well as growing holistically as young people and as young musicians:</p> <ul style="list-style-type: none"> <li>- performing to their class (throughout KS4)</li> <li>- performing in assembly (throughout KS4)</li> <li>- performing at Open Evening (Sept)</li> <li>- performing at Wine and cheese night (Oct)</li> <li>- City of Lights (Samba parade in November)</li> <li>- Christmas Carol Service at Truro Cathedral (December)</li> <li>- Cornwall Music Festival (March)</li> <li>- Easter Activities (April)</li> <li>- School Production (May)</li> <li>- Celebration of Achievement at Truro Cathedral (June)</li> <li>- End of term Concert (July)</li> </ul> <p><b>Composition</b> - Completion of Free Composition (Composition 1 - worth 15% of overall GCSE Grade)</p>	<p>Continuation from Spring 1 - Continued performance practice, students work on composition coursework and students complete study of Rhythms of the World and revise the Conventions of Pop. <b>Area of Study 4: Film Music.</b> Students study music that has been:</p> <ul style="list-style-type: none"> <li>- composed specifically for screen, taken from the Western Classical tradition and been used within a film and music composed as a soundtrack for a video game.</li> </ul>	Work Experience Week						
	Reporting Y11	CfCs & Grades	Rep & GradeS	CfCs & Grades	BfL & Grades								
Year 11 GCSE MUSIC	<p><b>Performance</b> - Solo and Ensemble recordings complete. Worth 30% of overall exam. Students who need more time will be able to re-record during lessons up until March of their exam year. <b>Area of Study 2:</b> The Concerto Through Time</p> <ul style="list-style-type: none"> <li>- Students will study a range of different types of Concerto from the Baroque, Classical and Romantic Periods of Music and the Western Classical Orchestra</li> </ul> <p><b>Composition</b> - The exam board sets the 'composition brief' at the start of Y11 where students must choose a brief to compose to. These are often based around Area of Study 2,3 and 4 and is completed in Year 11 term 1 and term 2, worth 15% of overall GCSE</p>	<p><b>Composition</b> - Continued</p>	<p>Areas of Study 2,3,4,5 - Revision Begins</p> <p><b>Performance</b> - Any outstanding recordings are complete</p> <p><b>Composition</b> - Free composition from Y10 revisited and reworked if necessary. Free Brief in completion</p>	<p>All remaining c/w is complete, entered, moderated and sent to the exam board. Students complete revision sessions for their listening exam that will occur in May / June of Year 11.</p>

Year 10 MUSIC BTEC	<p><b>Performance Pathway</b> During this component, students develop an appreciation for music styles and genres. They practically explore the techniques used in the creation of different musical products and styles of music, on their instrument or voice. They apply their knowledge of the stylistic features and musical elements used in various music genres, to performances, composition and music production activities. Students gain a broad understanding of the stylistic features within music genres from the 60s to the present day, such as; Reggae, Jazz, Stadium Rock, Electronic Dance Music, Motown, Soul, Film Music and many more. They create a portfolio which demonstrates their knowledge and understanding of the stylistic features in different music genres. Students are urged to perform as much as possible in school settings (assembly, school clubs, student led groups) and continue to do so to gain as much as possible during the course.</p> <p><b>Technology Pathway</b> During this component, students develop an appreciation for music styles and genres. They practically explore the techniques used in the creation of different musical products and styles of music, on a Digital Audio Workstation (DAW). They apply their knowledge of the stylistic features and musical elements used in various music genres, to performances, composition and music production activities. Students gain a broad understanding of the stylistic features within music genres from the 60s to the present day, such as; Grime, Drum and Bass, Britpop, Hip Hop, Music for Media, Electronic Dance Music and many more. They create a portfolio which demonstrates their knowledge and understanding of the stylistic features in different music genres. Students are urged to perform as much as possible in school settings (assembly, school clubs, student led groups) and continue to do so to gain as much as possible during the course.</p>	<p><b>Performance Pathway</b> During the second half of this component, students explore how music from a variety of genres is performed, created and produced. Students take part in a combination of practical and taught sessions which allow them to create music across the 3 disciplines of performing, creating and production. They gain understanding of the purpose and intended audience it was created for, such as live performance, audio recording and original songs or compositions. Students participate in workshops and explore a range of music theory, knowledge and techniques and become critical listeners. They explore different techniques on their instruments or voice, such as; instrumentation, roles and functions of different instruments and how individual parts fit together. They create their own original music which explores starting points and stimuli, repetition and contrast and development and extending musical ideas. They create a portfolio which showcases their music product and musical responses.</p> <p><b>Technology Pathway</b> During the second half of this component, students explore how music from a variety of genres is performed, created and produced. <p><b>Year 11 MUSIC BTEC</b></p>	<p><b>Year 11 – Component 3 – Responding to a Commercial Recording Brief</b></p> <p>Learners will be given the opportunity to develop and present music in response to a given brief. This component will allow students to work to their strengths and interests and apply the skills that they have learned throughout your course in a practical way. They will focus on a particular area of the music industry that excites and appeals to them and respond to a commercial music brief as a composer, performer or producer.</p> <p>Students will begin by exploring the brief and investigating possible responses and ideas to meet the demands. Using relevant resources, skills and techniques they will then develop and refine musical material before presenting their final response. They will develop and present an original creation based on a piece from a given list (from genres covered in Component 1) and a style from a choice of four. They will then present this as a solo or group performance, an audio recording or a Digital Audio Workstation (DAW) project. Students will also develop skills in self-management, communication and presentation, which are vital to any future course of study.</p> <p>This component is the final exam component, and so is assessed and verified externally and is completed in May of Year 11 after preparation time in term 2. It is a fantastic component that brings all the learning of the BTEC together. The intent is that students leave school feeling they have the skills to produce work reflective of their ability, to allow for independent research to produce musical outcomes, and to be more prepared for KS5 and the demands of A levels and further vocational study.</p>			<p><b>Component 3 is complete. Qualification is complete</b></p>
