Exploring the Land of Fire and Ice: Iceland 2025

Just before the half-term break, a group of our adventurous students embarked on an unforgettable trip to Iceland, immersing themselves in the country's awe-inspiring landscapes, rich geological wonders, and fascinating culture. From steaming hot springs to thundering waterfalls, the journey was packed with exploration and discovery.

After a 12-hour journey from Kernow to Keflavík, our students wasted no time in embracing Iceland's unique geothermal wonders. A relaxing visit to the geothermal swimming baths provided the perfect start, followed by a delicious buffet dinner to refuel after a long day of travel.

Over the next few days students enjoyed trips out to Iceland's best sites and were treated to an aurora borealis display of a lifetime!

The group set off on the famous Golden Circle route, a highlight-packed journey featuring some of Iceland's most iconic natural wonders. They witnessed the explosive power of geysers, marveled at breathtaking waterfalls, and even indulged in

RICHARD LANDER SCHOOL BULLETIN

28th February 2025

traditional Icelandic ice cream at a local dairy farm—an unexpected but much-appreciated treat!

A visit to Reykjavik, Iceland’s vibrant capital, offered students the opportunity to explore the city’s charm and culture. The trip also included an educational stop at the Perlan Museum, where interactive exhibits brought glaciers, volcanoes, and Icelandic wildlife to life in an immersive experience.

Our geographers trekked to Hveragerði’s famous natural hot springs, where they observed bubbling pools reaching temperatures of 36°C to 40°C. They then visited the Hellisheiði Power Station, learning how Iceland harnesses its immense geothermal energy to become a world leader in sustainable power.

No trip to Iceland would be complete without a chance to witness the breathtaking Northern Lights. Braving the chilly night, students waited in anticipation for the northern lights to dance across the sky—and the spectacular display was certainly worth the early wake-up call!

The adventure continued with visits to Iceland’s rugged coastlines, imposing glaciers, and dynamic river systems. The students saw first-hand the impact of glacial retreat and powerful waves shaping the landscape, making their geography lessons come to life in the most thrilling way.

From start to finish, the Iceland 2025 trip was an unforgettable experience, leaving students with lasting memories and a deeper appreciation for the incredible forces that shape our planet. To experience the beauty of Iceland, whilst staying in Cornwall, there is a gallery of Mr Williams’ superb photos on the school Facebook page.

World Book Day Bake Off

On this year's World Book Day on March 6th - How would you like to be involved in a fantastic food competition?

We are challenging you to create your best "book" themed bakes either sweet or savoury, and bring them to Room 219 on the morning of World Book Day.

This is open to all students in all year groups (and staff!!) All you need to do is come and get an entry form from Mrs Toms in rm219 to enter.

Entries need to be delivered along with your entry form, to Room 219 before the end of AM registration on Thursday 6th March. These will be judged at lunch time on the day and prizes given out later that day.

For further information speak to Mrs Toms

Thanks to a super kind and generous donation, we have around 100 absolutely stunning, brand new, prom dresses, in a range of sizes, styles, colours, some still tagged with prices of hundreds of £££...

...which we are selling for just £50 with all proceeds going to Lander4Uganda!

We also have a rail of beautiful, pre-loved dresses, often just worn once, which have been donated by our wonderful ex-students.. for sale at prices from just £10!

Anyone wanting to browse, try on or purchase is very welcome to come to our sale on Thursday 6th March after school until 4:30pm, where Mrs Downing and Mrs Toms will be delighted to help you find your dream dress!

Wellbeing Matters: RLS Help Directory

Winter can be tough, we've just had Blue Monday... and we want everyone to know that support is available. Our Wellbeing & Resilience team have created this help directory with 19 pages of resources for students and parents. From crisis lines to mental health apps, there is something for everyone.

Don't hesitate to reach out—help is here. The Help Directory can be found on the school website, Mr Holloway also has handy QR code cards which link to the document.

RLS Alumni Return for Careers Fair!

Our annual Careers Fair was a fantastic event, made even more special by the return of some of our former students!

One of the highlights was welcoming Flight Lieutenant Charles Parfitt, who attended Richard Lander School when it was Penweathers, many moons ago. Celebrating exactly 45 years in the RAF on Careers Fair day, he shared invaluable career advice with our current students.

We were also thrilled to see alumni now working with Pendennis, Tehidy Golf Club, and Truro College, offering insights into industries such as yacht refitting, professional sports and coaching, and further education.

The event, as always, was a fantastic opportunity to learn about a wide range of career and further education options, whilst engaging in activities and competitions.

Thank you to all the businesses, public services, and colleges that attended, making this event both informative and inspiring: Tehidy Park Golf Club, British Army, Truro and Penwith College, BP Offshore Wind, Pall Aerospace, A&P Falmouth, The Focus Training Group, Great Cornish Food, Careers Hub CIOS,

Coastline Housing, Kehelland Trust, Argyle Community Trust, Cornwall Marine Academy, Jon Martin Magic / Magic Maths, University of Plymouth, Peninsula Schools of Medicine & Dentistry, Cornwall Partnership NHS Foundation Trust, Treviglas Sixth Form, Cornwall Hotel Collection, Truro School, Falmouth University, Pendennis Shipyard, Royal Navy, The Headland Hotel, Pharmacy - Cornwall and Isle of Scilly, Cornwall College, EBP, Kernow Property Services, RAF.

Special thanks to Mrs. Grenfell for organizing such a brilliant day, and to our students for their enthusiasm and curiosity. Finally, congratulations to Evalyn and Arlo, who won Amazon vouchers in the Coastline Housing 'Guess the Sweets' challenge! Thank you to Coastline for running this competition.

Take Your Child to Work Day - An Eye-Opening Experience!

Year 7 students had an exciting opportunity to step into the world of work during 'Take Your Child to Work Day'. Many students spent time at a family member's workplace, gaining first-hand experience of different industries. Here you can read about just 2 of a vast array of work experiences enjoyed by our Year 7 students.

Hugo had a fascinating day with a Water Quality Officer at Cornwall Wildlife Trust, testing water quality alongside a farm advisor and touring the SouthWest Water works. Meanwhile, Alice explored the construction industry with Morrish Homes at Nansledan. She observed various stages of house

construction, laid a brick under expert supervision, and later visited Truro and Penwith College, where she met students and apprentices, honing her skills even further.

A huge thank you to Cornwall Wildlife Trust, Morrish Homes, Truro and Penwith College, and all the businesses that supported our students in this valuable experience.

Mitie Hosts Year 7 for In-School Careers Challenge

For some students, attending a family member's workplace wasn't possible, so Mitie, the facilities manager and service provider for Richard Lander School, stepped in to provide an engaging in-school careers experience.

Students learned about Mitie's wide-ranging responsibilities, from hospitals to transport links and schools. They interviewed Mitie representatives and tackled a sustainability-themed challenge, designing

innovative products or services to combat environmental issues like global warming and nature decline.

The winning team, FIVE, secured a whopping 38 million Mitie dollars for their 'Seed Sphere' invention, which disperses seeds to promote reforestation. Other creative ideas included sea-cleaning ships and early-warning tree sprinklers.

A huge thank you to Mitie for an exciting and inspiring day! Additionally, congratulations to Mariah and Evie for their spot-on calculations in the house brick challenge, winning Amazon vouchers, courtesy of Linden Homes.

RLS PE & SCHOOL SPORT

bring it on!

U15 Netball Team through to Regional Finals!

Our U15 Netball Team showcased their incredible talent at the State Schools competition in Paignton, securing second place overall!

With victories against Torquay Academy, Falmouth School, Paignton Academy, Newton Abbot, and South Milton, the team demonstrated skill and determination throughout the competition. Their only loss came against Churston Grammar, but their strong performance secured them a place in the Regional Finals .

The team worked tirelessly all day and is now preparing for the next challenge. A huge well done to everyone involved!

A special thank you to Lucianne for her excellent coaching and umpiring – your support has been invaluable!

We wish the girls the very best of luck at the Regional Finals which will take place at Paignton Academy on Tuesday 11th March!

Gymnastics Triumph at Milano South West Competition

It was a weekend to remember for our talented gymnasts at the Milano Gymnastics Competition - South West at the end of January.

Our U13 Girls team shone brightly, taking the title of South West Champions! Special congratulations to Amber, who secured a silver medal, and Sophie, who won bronze.

The success continued with our U16 Boys, who were also crowned South West Champions, with Mawgan achieving an outstanding gold medal in the individual event.

The U16 Girls followed suit, taking the South West Champion title as well! Individual success saw Halle winning gold, Laila securing silver, and Amelie earning bronze.

Congratulations on these incredible results and a huge thank you to Miss Hurworth for her commitment to providing these amazing opportunities and to the parents who drove you up to Bideford to compete! We now look forward to the National Finals in March –

RLS PE & SCHOOL SPORT

Year 9/10 Girls Football Team compete in National Cup

Our Year 9/10 Girls Football Team played their hearts out in the last 16 of the National Cup against a formidable Gordano team.

Despite a tough match, the girls displayed remarkable determination, teamwork, and resilience, battling until the final whistle. With impressive goalkeeping, a strong defensive line, relentless midfield action, and numerous shots on goal, the team put up an admirable fight.

The final score was 4-1 to Gordano, but our players certainly made them work hard for the win. Both teams exhibited excellent sportswomanship, skill, and energy, and we wish Gordano the best of luck in the next round.

To our girls – well done on a fantastic journey in the National Cup! And to our opponents, we hope you enjoyed your Cornish pasties on the journey home!

Year 8/9 Hockey Team Kicks Off 2025 Season

Before the half term break, we hosted County Champions Newquay for our first KS3 hockey fixture of

2025. Our Year 8/9 team was ready and eager for the challenge, with many Year 8s experiencing a full-size pitch for the first time.

Despite a 2-0 loss, the team displayed great determination and grew stronger as the game progressed, particularly in the second half. It was an exciting match to watch, and the girls should be proud of their efforts!

Well done to everyone who played – a fantastic start to the season!

Year 7 Football - Fantastic wins for Boys B and C Teams!

We were delighted to be able to field both B and C team fixtures against Penair School last week, giving many more boys the opportunity to represent the school.

They did not disappoint either, recording a 5-2 win for the B team, and a 8-1 win for the C team. In addition to the fantastic results, the players conducted themselves in a fantastic way both on and off the pitch.

Every student who has regularly attended training (some 35-40!) has now played at least one game for the school this term.

Students Collaborate on Film Project with Cornwall Council and Screen Cornwall

A select group of our students recently took part in an exciting project in collaboration with Cornwall Council and Screen Cornwall, creating a film exploring crime and safety from a young person's perspective.

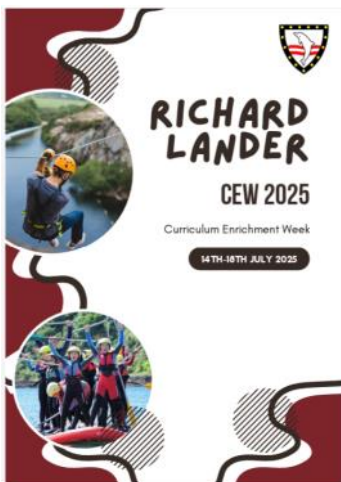

The project began with students identifying the most relevant and interesting topics, followed by inviting interviewees and preparing insightful questions. The second stage saw them setting up a studio, filming content, and conducting interviews with professionalism and enthusiasm. Two weeks later, Adam and Laura returned with a first edit, and the students had the opportunity to review and refine their work.

The end result is a well-crafted and thought-provoking film that everyone involved is incredibly proud of. A massive thank you to Laura, Leo, and Adam for guiding our students through this rewarding and professional experience! Well done to every student who took part, you were all superb.

The film will be shown in tutor time and published on the internet soon. It features pieces on CCTV, vaping and staying safe.

Curriculum Enrichment Week and Lunchtime and After School Clubs

Our 2025 Curriculum Enrichment Week brochure and this term's Lunchtime and After School Clubs booklet are available on the school website.

Year 9 Textiles & Careers Trip to Falmouth University!

Year 9 students had an inspiring day at Falmouth University, where they took part in a hand embroidery workshop themed around sea creatures! Their creativity shone as they stitched intricate designs, bringing the ocean to life with needle and thread.

They also explored the Design Centre, getting a glimpse into the world of fashion, textiles, and design, before enjoying a delicious lunch in the university canteen.

A fantastic day filled with creativity, inspiration, and new experiences – and our students were an absolute delight!

ROTARY YOUTH SPEAKS COMPETITION

Debate Club Compete in Youth Speaks

Well done to Isabella, Ella, Sophia, Howard, Thomas and Ruby who represented Richard Lander School at the Rotary Youth Speaks Competition this term.

They all spoke very well indeed and made Mr Gell very proud! Thank you to Truro Rotary for organising this competition.

Debate Club takes place on a Wednesday lunchtime in Mr Gel's classroom.

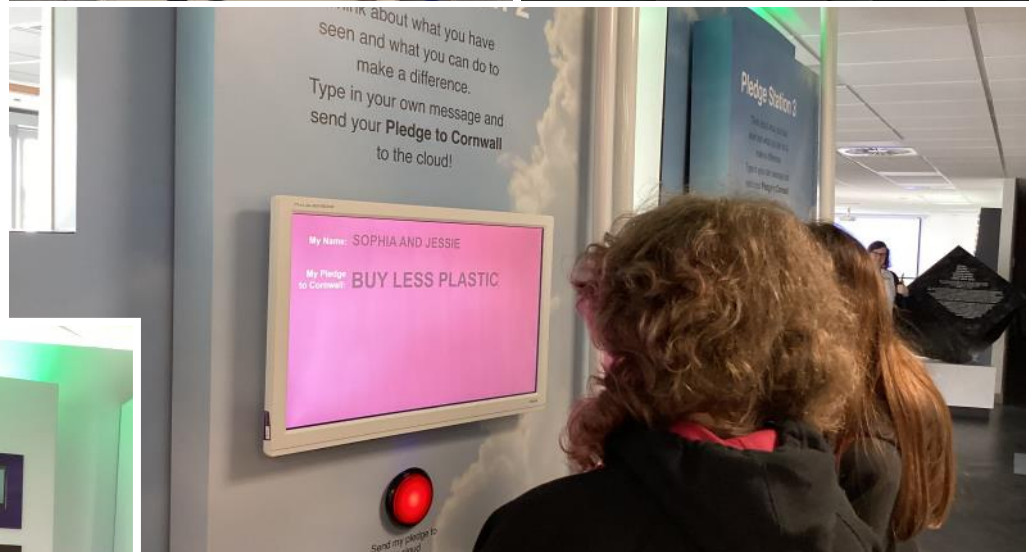

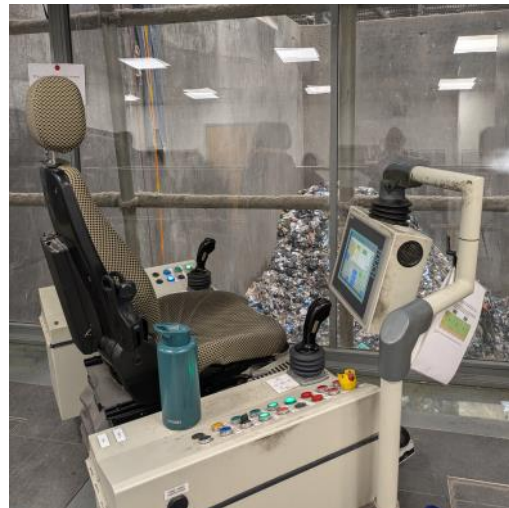

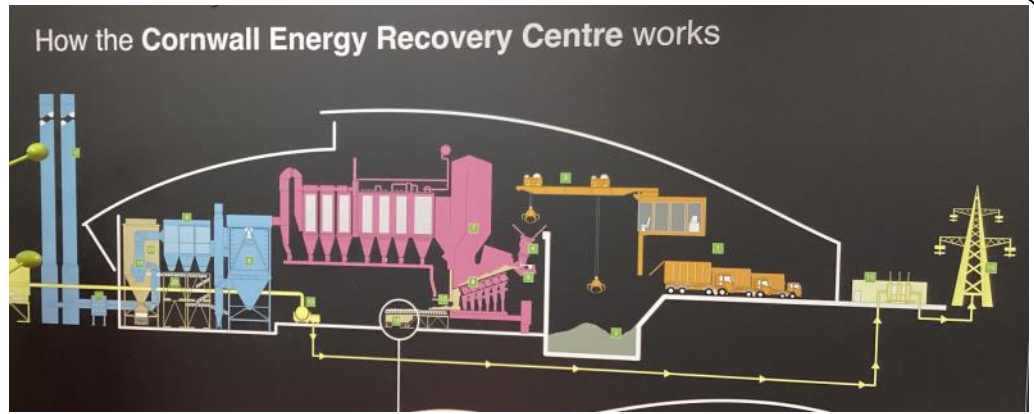

Eco Club visit Cornwall Energy Recovery Centre

On Tuesday 25th of February a group of students visited the 'Cornwall Energy Recovery Centre' to explore what happens to any waste that cannot be recycled in Cornwall.

During the day, students enjoyed completing quizzes in the interactive visitor space and got to see the main 'control centre' where screens full of data are constantly updated, helping monitor levels of gases emitted from the incinerator. They even watched 'the claw' in action, picking up our waste and moving it to the next stage of the process.

The Cornwall energy recovery centre exports around 20 megawatts of electricity – enough for 21,000 homes!

... turn it off

Turning off your mobile, tablet, television or games console when not in use saves energy and helps to reduce the amount of CO₂ we put into the atmosphere, because some of our electricity is still generated by fossil fuels like coal and gas.

Lots of people leave their devices on standby overnight. But, if we all switched them off instead, we would be able to make big savings in the electricity we consume.

There are about 250,000 homes in Cornwall. So, if just one person in each home remembers to switch off just one of these items for 9 hours overnight, the savings in energy would really add up!

See how many equivalent hours or days of the CERC's output of electricity we could save by remembering to turn it off!

LCD television 0.37W 21 hours standby	Mobile phone charger .75W 43 hours standby	Laptop computer .82W 47 hours standby	Games console 2.12W 6 days standby	Single 9W one phone light 8.00W 19 days standby	Set top box (STB) 22.00W 23 days standby
---	--	---	--	---	--

How can you work it out?
Let's look at the TV and Set Top Box!

Power consumption in 'standby' mode is 0.37W
= 9 hours overnight = 0.333 kWh per home
= 262 days per year = 72.6 weeks per home
= 289,000 homes in Cornwall
= 12,400 kWh/yr

The CERC exports around 22,000 MWh/yr
= 18,400 kWh/yr = around 14% (for 26 days) of the CERC's annual generating time!

CO₂ 100%

... if every home in Cornwall left one TV and set top box on standby overnight this would contribute the same greenhouse gas as produced by the CERC in 14 days

Students were also keen to find out what happens to the 'ash' and discovered that this waste product is used in road building! Staff at the site spoke to students about the waste hierarchy, reminding them that the 'recovery' stage is the last resort, instead we should all be trying to 'reduce' our waste to ensure a more sustainable future.

The school Eco-club is focussing on reducing waste this term, and hence, this visit was extremely valuable. Many thanks to the knowledgeable staff at the facility who delivered such an engaging day for our students. Thanks also to the students who were an absolute credit to the school community.

Creative Arts Update

Artist of the Week

Every week the Art department choose an Artist of the Week. Their work is shared on the digital signage around school, here in the bulletin and on school social media. Thank you to these students for brightening February with their marvellous work.

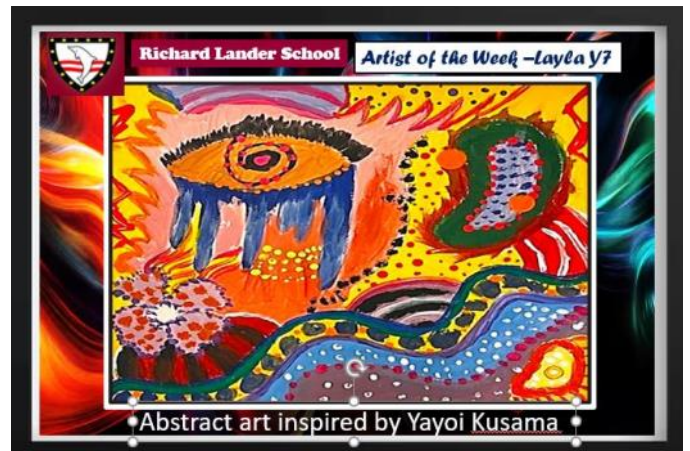

Top Right W/C 30th January 2025 - Immy S - Year 8
Congratulations to our Y8 artist of the week: Immy for her graphic drawings of objects informed by the work of the artist Michael Craig- Martin.

Super precision and technicality Immy, Well done!

Right W/C 10th February 2025 - Layla - Year 7
Congratulations to our Y7 artist of the week: Layla for her wonderful abstract art which has been inspired by the work of Yayoi Kusama

Wonderful colours and textures Layla, excellent work!

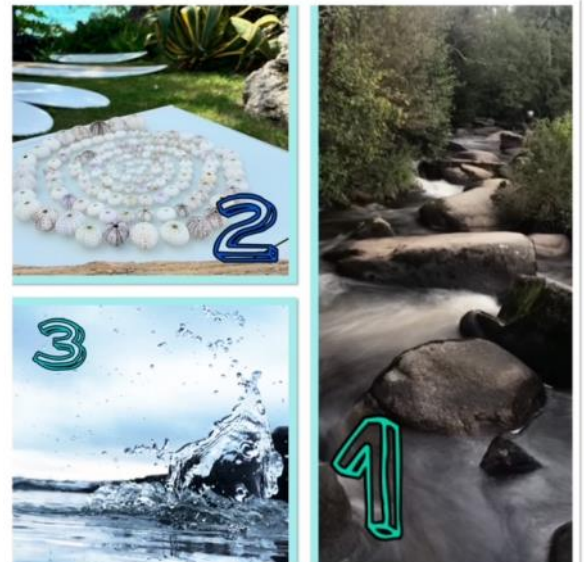

Left W/C 10th February 2025 - Imogen—Year 8
Well done to Imogen Year 8 who once again has created another wonderful piece of art in response to the theme of 'Making Waves'
A beautifully poetic and expressive response painted with excellent skill!

Environment Photography Competition Results!

Year 8 did a brilliant job of responding to the theme of the 'environment' and we had lots of amazing photos submitted, which we really enjoyed looking at. After all the voting, we have our winners

-
 - 1st Yasmin Twomey
 - 2nd Sienna Kott
 - 3rd Dylan Evans
- Well done to you all!

Our winners receive fantastic prizes . 1st prize is a camera. 2nd prize is a £25 gift voucher and third prize is a £15 gift voucher!
